MEMORANDUM FOR:

25X1

SUBJECT : Desertions

1. Per our recent conversation, attached is a package of material that has come to me on the desertion problem. Some of it consists of cables and some of it of special reports I asked for that were pouched from Saigon. After you and your colleagues have had a chance to look this over, I believe we should get together and lay on between us a memorandum analyzing and surveying the desertion question. As you know, this is an issue of great concern downtown, and one I believe the Agency can examine somewhat more dispassionately than our DOD colleagues.

2. Please let me know your thoughts after you have had a chance to look at the attachments.
